

ROCKLAND COMMUNITY COLLEGE

Welcome to RCC! To help you understand your room number, here are two rules to follow:

- The first number is the building, which corresponds with the numbers in the map key above
- The second number is the floor number

Sample:

Room 8223

- 8 is the building number, which you can find in the map key as the Technology Center
- 2 is the floor, which would be the 2nd floor
